

Polygal UP Profiles

Polycarbonate Edge profiles for Polygal multi wall sheets

- Flexible and easy to install
- Light weight
- Unbreakable
- UV blocking layer
- Daylight transmission
- Environmentally friendly

Polygal interconnecting polycarbonate profiles connect multiple multi wall sheets to cover large areas. They add no weight and lie flush with the sheets. They are UV-resistant and provide excellent sealing for roofs and inclined walls, because they do not obstruct light at connection points. Our profiles are available in unlimited lengths, are easy to handle and install, and suit most roofing, and cladding applications

Technical Specifications

Sutable for sheets thickness (mm)	Weight (g/m)	Profile dimensions			Cat #
		A	B	C	
4	40	24.5	4.4	16.5	229
6	50	24.5	6.4	17.5	212
8	55	24.0	8.5	18.0	213
10	60	25.0	10.6	18.0	214
16	70	20.5	16.6	16.5	215
20	100	29	19	18	230

Plazit Polygal Group is the leading manufacturer of solid and structured sheets and profiles, and is known throughout the world for the outstanding quality of its products. Polygal was the first manufacturer in the world to create structured polycarbonate sheets, and over the last 40 years has developed and produced a broad spectrum of these products, which are successfully covering a full array of structures worldwide
